GOVERNMENT PROCUREMENT TENDER SPECIFICATION

Tender Ref: FCI/NZ/PDS/FRK/2026/04 | Dept: Department of Food & Public Distribution (DFP

Procurement of Fortified Rice Kernels (FRK) for PM POSHAN and PDS Scheme

NOTICE INVITING TENDER (NIT)

Tender No: FCI/NZ/PDS/FRK/2026/04

Department: Department of Food & Public Distribution, Ministry of Consumer Affairs, Food & PD

SCHEDULE OF REQUIREMENTS & TECHNICAL SPECIFICATIONS:

1. ITEM DESCRIPTION:

Supply of Fortified Rice Kernels (FRK) manufactured by extrusion technology for blending with custom milled rice (CMR) under the Centrally Sponsored Scheme of Rice Fortification for Targeted Public Distribution System (TPDS) and PM POSHAN.

2. TECHNICAL PARAMETERS & COMPOSITION:

- Physical Appearance: FRK shall closely resemble normal milled rice in length, breadth, translucency, and cooking characteristics.
- Length-to-Width Ratio: Medium slender grain profile matching raw milled rice.
- Moisture Content: Maximum 12.0% by weight.
- Micronutrient Premix Composition (per kg of FRK):
  * Iron (as Ferric Pyrophosphate or Sodium Iron EDTA): 28.0 mg to 42.5 mg per 100g
  * Folic Acid: 75 mcg to 125 mcg per 100g
  * Vitamin B12 (Cyanocobalamin): 0.75 mcg to 1.25 mcg per 100g
- Shelf Life: Minimum 12 months under standard storage conditions.
- Disintegration Time: Not less than 15 minutes in boiling water without forming paste.

3. STATUTORY COMPLIANCE & QUALITY CERTIFICATION:

The supplier must possess a valid Bureau of Indian Standards (BIS) license / FSSAI manufacturing license and provide batch testing certificate from an NABL accredited laboratory for each consignment.
